

FAST PASSENGER TRAIN WRECKED ON PENNSYLVANIA

Eighteen Hour Flyer Between New York and
Chicago Left the Rails East of Johnstown, Pa.

NO FATALITIES BUT MANY WERE INJURED

Some of Whom Will Die, Among the Latter Being Post-
master Fred A. Bussey of Chicago—Relief Trains
Hurried to the Scene From Several Cities.

Johnstown, Pa., Feb. 23.—Ten persons are missing, half a dozen others are believed to be fatally injured and over a score were seriously injured as a result of the wrecking of the Pennsylvania's 18 hour west bound flyer, at Mineral Point, east of here at an early hour this morning. Either spreading rails or a broken truck on the tender caused the crash.

Five heavy Pullman cars, a combination car, an observation car and three sleepers left the Conemaugh river 125 feet below. The train was running 60 miles an hour. A heavy coating of ice prevented the cars from their being hurled out into a ravine where they would have been forced through the ice and floated away.

At the time of the accident practically all the passengers were in their berths, and the exposure resulting from their being hurled out into a zero atmosphere is expected to result seriously for many.

Among the seriously injured is F. A. Bussey, postmaster and Republican candidate for mayor of Chicago this year. Mr. Bussey was returning from Washington, where he had been on business connected with the post-office. John T. Kline, postmaster of Joliet, Ill., was also injured.

Among the less seriously injured were many prominent Chicago and western people.

All the seriously injured were rushed to hospitals at Altoona and Johnstown, while a number were taken to Pittsburgh this morning on a special train, which had been hurried to the scene of the accident by railroad officials.

The wrecked train left New York at 3:55 yesterday afternoon. As soon as the first news of the wreck was received here, a special train bearing a wrecking car, physicians and undertakers was rushed to the scene. The confusion at the scene was almost indescribable and owing to the unsettled nature of the immediate surrounding country, there was no place to which the injured could be taken. The news of the wreck spread as it by magic in the immediate neighborhood, however, and by daylight hundreds had flocked to the scene, and most of the injured had been cared for.

It was not until day break however that the count could be taken and the fact learned that ten persons were still missing. The latest details from Mineral Point indicate that scarcely a person on the wrecked train escaped injury in some form. The first report that ten persons had gone through the ice over the Conemaugh river is now generally discredited. It is believed the missing left the scene of the disaster amidst the confusion and will be reported later.

THE CAUSE IN DOUBT.

Up to this time no cause for the disaster had been assisted by the Pennsylvania railroad officials, who are observing their usual silence. One theory is that the accident was caused by a broken truck on the tender, but railroad men generally attribute it to the "Carnegie steel tie."

The accident occurred on a strip of track supplied with this tie and the theory is that the extreme cold caused them to become brittle and snap under the tension caused by the high speed of the heavy Pullman train.

and hurried to Pittsburgh for treatment.

THE WRECKED TRAIN.

The Pennsylvania established its 18 hour train to and from Chicago in June, 1905, and had been running two a day since. The average rate for the whole journey is 52 miles an hour, but the speed necessary to maintain this average often reaches 60 to 70 miles an hour.

The wrecked train is the one which recently made a long distance record by leaving Harrisburg two hours late and getting into Chicago two minutes ahead of schedule time, covering 717 miles in 741 minutes, including stops and a run through a mountainous territory.

DETECTIVE'S STORY

OF THE ACCIDENT

Pittsburg, Feb. 23.—Shortly before 6 o'clock this morning the St. Louis special arrived at the Union depot, having on board most of those who had been in the wrecked Pennsylvania railroad train. In talking of the matter, Detective Lally said:

"The sight at the depot when the train arrived was a most unusual one. When the wreck occurred nearly all of the passengers on the limited were in bed or partly undressed. They did not waste any time in collecting their clothes or possessions, but got out of the cars with the greatest possible speed. Few, if any, of those who came in this morning, had escaped and the injuries of some appeared to be serious. Some of the injured were taken to the Allegheny General Hospital the ambulance of which had been waiting the arrival of the train. When they emerged from the train they presented an odd sight, bandaged as they were perhaps about the head or about the face or hand or arm. The railroad company had detailed employees to wait upon the passengers who had been in the wreck. Those who desired it were supplied with food, drink and clothing sufficient to enable them to complete their journey in comfort. Most of those who came in on the express had been booked for Chicago and arrangements were at once made for sending them through on a special."

ANOTHER CAUSE ASSIGNED.

At the office of the chief train dispatcher in Pittsburgh, the cause of the wreck was given as follows:

One of the bolts holding up the brake rigging under the engine snapped with the result that the brake shoes were let down on the rails. One of the brake shoes got under one of the main driving wheels and partly derailing the big engine. About 300 yards of the track was torn up, after

which the engine left the tracks and dragged with it the three rear cars. These cars slipped down the embankment and landed on their side in the Conemaugh river, submerging them to the depth of about two feet.

MANIAC'S DEED WAS CAUSED BY INSANE JEALOUSY

Chicago, Feb. 23.—While raving in her cell at the police station, Mrs. Michael McDonald, who shot and killed Webster S. Guerin, told the police enough to lead them to the conclusion that it was jealousy and not blackmail that led her to take the life of her alleged clandestine lover. Made desperate by a report that Guerin was engaged to marry a West Side society girl, the police are of the opinion that she killed Guerin in revenge. She was mistaken, however, as it is his brother who is to be married. Mrs. McDonald is still in such condition mentally that nothing of a definite character regarding the tragedy can be learned from her.

PRESIDENT'S TRIP TO VISIT SONS

The president was accompanied by Mrs. Roosevelt and Miss Ethel Roosevelt, Representative and Mrs. Nicholas Longworth and M. C. Latta assistant secretary to the president. The Massachusetts trip is purely a personal one, the president and Mrs. Roosevelt desiring to spend a short time with their sons, Theodore Jr., who is at Harvard, and Kermit, who is at Groton.

FELL INTO FIRE FATALLY BURNED

Terrible Death of an Aged Woman on Friday at Washington, Guernsey County.

Cambridge, O., Feb. 23.—Mrs. Nancy Umstot, aged 73 years, was fatally burned at her home in Washington, Guernsey county, at 1 o'clock yesterday afternoon.

Mrs. Umstot was in a room by herself and fell while passing an open grate, in such a manner as to have

her clothes ignited. Her cries brought other members of the household to her assistance, but not before she had been so seriously burned that death followed three hours later.

About a year ago Mrs. Umstot sustained a stroke of paralysis and had been an invalid since. It is thought that she was probably stricken again and fell into the fire. The victim was burned about the face, neck, chest and arms in a terrible manner. Funeral services will be conducted from the late home Sunday.

ARCHBISHOP SAYS ROOSEVELT ERRS IN COMPROMISE

Los Angeles, Cal., Feb. 23.—Archbishop Riordan of San Francisco, of the Roman Catholic church, who has been in Pasadena for a few days past, is quoted in an interview here on the subject of compromise at Washington on the Japanese question as follows: "I do not believe that we should be called on to provide schools for these people. They do not come here intending to become citizens. Their ideals are different. Their morals are different. Let them provide schools for themselves. They say that we must admit Japanese children up to 16 years of age in our schools. I think that our people will not do it. There are 50,000 Japanese in California, I am told. They are still coming. Shall the state not have the right to deal with these people? The prerogatives of the individual state have been slipping away gradually, but I think this one we should still guard zealously. President Roosevelt is wrong."

MURDER CHARGE AGAINST A WIFE

Stanton, Mich., Feb. 23.—Mrs. Cora Stebbins Courter, 24, of Sheridan, is in custody charged with poisoning her husband, Albert Courter, 23. Considerable mystery surrounded the death of Courter and the physician who attended him declared he found symptoms resembling strychnine poisoning. It is said Mrs. Courter recently asked a friend to purchase some strychnine, saying that she wanted to poison rats. When placed under arrest, Mrs. Courter said she was afraid of it, "because there had been so much talk the past few days and now they will have to prove it." Courter's stomach has been sent to Grand Rapids for analysis.

MRS. EVELYN THAW GETS A FORTUNE FOR TESTIFYING

IT IS SAID THAT HUSBAND'S
FAMILY WILL PAY THE
YOUNG WIFE

FOR BAKING HER SECRETS

Jerome May Occupy Two More Days
in Cross Examination—Defense
May Have Surprise.

New York, Feb. 23.—According to reports current here Mrs. Evelyn Nesbit Thaw is to receive \$300,000 for baring her secrets to the world. Soon after the tragedy, it is said, the girl had said she intended to sail at once for Europe and spend many months in the seclusion of southern France. Realizing there was no chance to save Harry's life without her testimony, the Thaw family made her the offer of \$300,000. Evelyn Thaw consented to remain and the money will be settled upon her as soon as the trial is done. Mrs. William Thaw, it is said, is personally responsible for the agreement.

Principals in the trial spent the day in rest, each one apparently relishing the respite from the scenes which marked the week's proceedings. By the time the hearing is resumed Monday, it is expected that Mrs. Evelyn Nesbit Thaw will have entirely recovered her composure and be prepared again to take her place in the witness chair. Thursday it was said the young woman was on the verge of illness, and that a cup of broth had been her only sustenance for two days. She was so weakened as the result of her day's experience that she retired immediately upon reaching her apartments. The only reason which took her from her bed was the call she had promised to make upon her husband in the Tombs prison.

There had been reports to the effect that Thaw was himself in bad physical condition, but when he appeared to great his wife he declared that he was feeling exceptionally well and was enjoying his usual vigorous health. As Thaw rushed into the conference room he clasped his wife in his arms, saying, "My dear, brave little wife." The two talked together for a long while, and then Attorney O'Reilly was called into conference. Mrs. Thaw was pale and worn, but when approached by newspaper men smiled and tried to appear cheerful. In reply to questions she said she was "feeling pretty well."

District Attorney Jerome will keep Mrs. Thaw on the stand at least a day and a half more, and may even stretch his searching cross-examination through twice that length of time. It will depend upon how Mrs. Thaw feels at the end of this period as to whether or not Thaw's counsel will go ahead with their re-direct examination of her. Mr. Delmas has been making copious notes during Mr. Jerome's questioning of the witness, and he will likely endeavor to place a different light upon some of the incidents which have been disclosed. With the cross-examination only half completed and with the re-direct and re-cross examinations in view, there seems no way to approximate the number of days in the witness chair Mrs. Thaw has before her. If she is much fatigued at the end of Mr. Jerome's first cross-examination she may be released for a time, subject to recall. In view of the fact, however, that the defendant's counsel forced the district attorney to proceed with the cross-examination against his will, he will very likely insist in return that they shall also conclude with the witness before she is excused from the stand.

Mrs. Thaw on direct examination identified 42 letters as being in the handwriting of Stanford White. The letters were not written to her, but to another girl. Mr. Delmas evidently is holding these letters for introduction during the re-direct examination, and evidently hopes to have them admitted as offsetting something Mr. Jerome was expected to bring out on cross-examination. No intimation has been given as to what the letters contain or to whom they were written. They may constitute a new element of surprise which is yet to be injected into a case which has already been so prolific of astounding incidents.

BRAMLEY WILL SURRENDER.

Columbus, Feb. 23.—Ashpalt King M. F. Bramley, president of the Cleveland Trinidad Paving company, charged with bribing directors of public service, in connection with a contract here, is in Columbus and will surrender to the authorities this afternoon. "I deny ever offering a bribe or authorizing any man to pay money for any contracts," he said. "I insist on an immediate hearing."

PRINCE HENRY LEADS RESCUERS

ELEVEN PERSONS TAKEN ALIVE
FROM STRANDED STEAMER
BERLIN.

Survival in the Last Stages of Exhaustion When Rescued but Were Quickly Revived.

Hook of Holland, Feb. 23.—Largely as a result of the courage and determination of Prince Henry of the Netherlands, the prince consort, the heroic Dutch lifeboatmen have rescued alive 11 persons from the wreck of the steamer Berlin. The lifeboatmen were rewarded after more than 30 hours of hard and dangerous work. Driven back time after time, the sturdy Dutchmen refused to relax their attempts to rescue the handful of shipwrecked persons, and finally the receding tide and some improvement in the weather having made the conditions easier, their long fight was crowned with success.

Although several of the rescued were in the last stages of exhaustion, they now are on the road to recovery, and some of them have been able to tell the story of their awful experiences. Two women and a child are still on board the wreck, but it is feared that they are dying. Nothing daunted, however, the brave Dutchmen are preparing to make further desperate efforts to rescue these unfortunate.

The wreck of the Berlin is resting on the remains of the British steamer Leeds, which was lost in 1882.

It now appears certain that after the catastrophe there were many more than 15 persons remaining on the wreck, and that most of them were washed off by the waves. One woman was carried away just before the rescue. There was not enough food to go around, however, and for 24 hours no morsel of food passed the lips of the unfortunate.

Relating her experiences, Frau Brauer said: "I never can forget the terrible hours we passed while watching with our hearts, I might say, the efforts of the crews of the lifeboats and the tug-boats to save us from the jaws of death. Thursday night our anguish reached its height. Then the gale seemed fiercer than ever. Mountainous, death-cold billows broke over the ship every minute, and the dense, blinding blizzard hid the comforting lights of the Hook."

THREE MORE RESCUED.

Hook of Holland, Feb. 23.—The three survivors of the wrecked steamer Berlin, two women and a girl, who were left on the wreck when the others were taken off yesterday, were saved today. This makes the total number of survivors 15. A strong armed Dutchman swam to the wreck carrying a life line and the three passengers were taken off by this means.

ZANESVILLE MAY GET FRANCHISE FROM McDONALD'S

JOS. McDONALD SAYS HE MADE
SALE IN GOOD FAITH TO
ZANESVILLE.

Youngtown Stock Company Will Not
Organize Until McDonald's Return from Europe.

Zanesville, Feb. 23.—All hope has not died in the hearts of the baseball fans here and it begins to look now as though the O. P. league would have to ratify the sale of the Youngtown franchise to the local club. A telephone message from Joe McDonald at Youngtown last night stated that he had made the sale to Zanesville in good faith and that as far as he was concerned it would stand. The local backers have sifted the matter down to this point. McDonald is either trying to shift the responsibility to the league magnates for their failure to ratify the sale or Zanesville people will in the end get what they consider belongs to them.

Marty Hogan arrived in Zanesville last night. He was conducted in state to the theater and later to the Hotel Rogge. Afterwards he visited the office of the Times Recorder where he repeated his declaration that he would not manage another Youngtown team for \$10,000. He stated that just before leaving Youngtown he had refused to accept a check for \$2,100 the amount of his salary for this year, from Joseph McDonald.

A message from Youngtown last night stated that the organization of the stock company would be delayed until the return of Thomas McDonald from Europe.

WAR DECLARED BY HONDURAS ON NICARAGUA

GENERAL BONILLA REPORTED
TO BE AT HEAD OF MARCH-
ING TROOPS.

ALLIES MAY BE INVOLVED

Salvador and Guatemala Likely to be
Dragged Into Conflict—Central
American Muddle.

City of Mexico, Feb. 23.—"War is an actual condition in Central America," said Undersecretary of State, Algora. "We have received a message from the Mexican consular general at Tegucigalpa, Honduras, which says: 'Minister of Foreign Affairs Cuba declares that active war has been declared against Nicaragua. President Bonilla is now at the head of the Honduran troops and marching to the frontier to meet the forces of President Zelaya.'" In response to questions as to the attitude of Salvador in the struggle, Secretary Algora was reticent, but when assured that the press had received information that Salvador would become involved as an ally of Honduras, he admitted that the department had received telegrams corroborating this.

A high state official, who asked that his name not be used at this time, said: "You may state that this upheaval will perhaps be the most formidable that has ever occurred in Central America. At first it will be Honduras and Salvador against Nicaragua, but from information which we have obtained we know that Guatemala will be the ally of Nicaragua. Whether the aid of President Cabrera's country will be open or secret, we don't yet know, but we do know that the country will be drawn into the controversy. This will mean that all Central America will be in a state of war with the exception of the republic of Costa Rica. As to her attitude, we are uncertain."

"It has been officially stated that the proposed intervention of the United States, Mexico, Guatemala, Salvador and Costa Rica in the Honduran-Nicaraguan dispute was initiated too late to secure the desired results."

GASOLINE STOVE EXPLODED

The explosion of a gasoline stove at the home of Elmer Redman, a well known milk dealer, four miles south of the city, Friday night, nearly caused the death of Mr. Redman's six years old son.

The little boy was sent to turn off the blaze in a gasoline stove and through some unknown cause, the stove exploded and the flaming fluid was thrown all over the boy.

Before the flames could be extinguished the lad was horribly burned about the arms and body. A physician was hurriedly summoned and it was found that he was seriously but not fatally burned.

Beautiful Women

Rely Upon Newbro's Herpicide

Pilar Morin, the strikingly beautiful Parisian actress, of whom America's leading theatrical manager says: "I consider her the greatest actress in her line in all the world," writes as follows about Newbro's Herpicide:

"It is the most delightful hair dressing that has ever come to my notice. It prevents the hair from falling out, does away with dandruff, and gives the hair a beautiful luster."

Cordially yours,
(Signed) PILAR MORIN.

The fact that leading Parisian women prefer Newbro's Herpicide is certainly conclusive evidence of its superiority.

Beautiful, glossy hair, full of snap and life, is just as essential to a beautiful face as is the frame around a beautiful picture.

Nature does not permit every woman to have a great or unusual abundance of hair, but every woman who has reasonably good health may have beautiful hair if she will give it some care and attention.

First of all she must constantly strive to keep it free from the invisible, vegetable growth (the dandruff germ) that causes dull, brittle and lusterless hair with, later, dandruff, itching scalp and falling hair.

The only rational remedy for this purpose is Newbro's Herpicide, the original remedy that "kills the dandruff germ." In addition to its germ destroying power, it is the most exquisite hair dressing in the world for no other substance tends to beautify the hair as does Herpicide.

A TRUE BEAUTY TEST FOR WOMEN.

Just begin the intelligent use of Herpicide in secret, and see how quickly your friends will notice the improvement in your hair.

The RAYMOND PIANO

"Nearest the Human Voice"

Inside and Outside

The RAYMOND Piano is built of the best materials in the world backed by over half a century of actual experience in building instruments. It is guaranteed for 10 years but will last a lifetime.

We have never departed from our old-fashioned honest method of construction and never will.

Our efforts are not how cheap but how good!

We can grasp your hand and look you as squarely in the eyes, 50 years after you have bought the RAYMOND Piano as we confidently did the day you bought it.

The wire alone in the RAYMOND Piano costs three times as much as that in the average piano—Every tuning-pin is bushed—Its voice is almost human and remains so.

We want to mail you (absolutely free) our magnificent Piano Book—It contains 24 handsomely illustrated pages in colors—It will explain in detail why the RAYMOND Piano is the best piano investment in the world—Don't even consider any piano until you have read this book. Write at once.

LATEST ANNOUNCEMENT

I Am a Candidate For Your Work in the Optical Line.

Here's my platform: I believe every person, old or young, rich or poor, should have a square deal, and I am here to give it to you. In case you do not need glasses, I will tell you so.

If you do need glasses I will fit you with a pair that you will be able to read the finest of print, and thread the smallest needle. Or, if you have a headache due to eye-strain, you will be relieved after wearing a pair of properly fitted glasses.

If your case is complicated I charge you for the brains, skill and the knowledge that I acquired from experience in practice. The price is regulated by the style, quality, and complication of the glasses you may require, and is covered by a guarantee of one year. I have a finely appointed operating room, equipped with the latest instruments for the thorough testing of the eye for the purpose of fitting glasses.

I am especially equipped for the handling of children's cases especially if their eyes are weak, near or far sighted, crossed eyes straightened without the use of the knife. Most headaches in children are due to defective eyesight.

I do not have any of the long, drawn out, tiresome and painful tests, but use all the late and up to date methods. I do not publish testimonials, I have any number of them on file at my office. I BELIEVE IN PRINTER'S INK in order that the public may know of the remarkable strides the Optical profession has been making in the last few years.

Very modestly I will state, and I can prove it: One of my patients right here in Newark stated that she would not take \$100 for the glasses I fitted for her, considering the satisfaction which they gave her. I am in my office six days out of every week, and fifty-two weeks out of every year, where you can reach me at all times in case your glasses need adjusting, or if you need advice or attention. In fact, I am permanently located here, and can "MAKE GOOD" at all times. I hope all who can consistently do so will stand by me on this platform when they have trouble with their eyes, need their glasses changed, or need to have new ones fitted, or at least call and talk the matter over with me and I will appreciate the favor if they will ask their friends to do likewise.

Yours for good eyesight,
E. LICHTIG,
Eyeglass Specialist, 16 1-2 North Park, Newark, O.

DEATHS AND FUNERALS

DAVID M. HOLTON.
David M. Holton, residing just north of the city, died Friday forenoon at 11:15. Death was due to pneumonia. The deceased was aged 40 years.

There remain a widow and two children. The funeral services will take place at 10:30 Sunday morning at the Miles chapel. Interment will take place in the cemetery adjoining. It will be remembered with sadness that only last Tuesday Stephen Holton and his son Earl were given a double funeral at this church, both having succumbed to pneumonia.

MRS. ANNA POWERS.
Mrs. Anna Powers, wife of Mr. Thompson Powers, died at her home near Linnville Friday night, after an illness of only one week with pneumonia, aged about 68 years. She is survived by her husband and seven children, three sons and four daughters. Funeral will take place at the Fairmount church at 10:30 Tuesday morning.

Long & McCammet, undertakers, phone 459. 10-41f

CARD OF THANKS.
We desire to thank our friends and relatives for their kindness shown us during the illness and at the death of Mrs. Laura Brown. Also for the beautiful floral offerings. Harry Brown, F. M. Swartz and wife.

Representative J. M. Salt was taken down with smallpox while in his seat in the Missouri house of representatives. Much commotion ensued among other members.

Rheumatism

I have found a tried and tested cure for Rheumatism! Not a remedy that will straighten the distorted limbs of chronic cripples, nor turn bony growths back to flesh again. That is impossible. But I can now surely kill the pains and pangs of this deplorable disease.

In Germany—with a Chemist in the City of Darmstadt—I found the last ingredient with which Dr. Shoop's Rheumatic Remedy was made a perfected, dependable prescription. Without that last ingredient, I successfully treated many cases of Rheumatism; but now, at last, I can cure all curable cases of this heretofore much dreaded disease. Those sand-like granular wastes, found in Rheumatic Blood, seem to dissolve and pass away under the action of this remedy as freely as does sugar when added to pure water. And then, when dissolved, these poisonous wastes easily pass from the system, and the cause of Rheumatism is gone for ever. There is now no real need—no actual need—to suffer longer without help. We sell, and in confidence recommend

Dr. Shoop's Rheumatic Remedy

Also save time, for time is valuable. The foolish man or woman starts out to hunt a room or a position.

How many miles will you travel in such a quest? How much car fare will you spend? How much shoe leather will you wear out? And after all, how many people can you see?

Not many. If in your travels looking for employment you happen to find a man needing help, you are so fagged out you can't talk to him with any show or enthusiasm. He concludes you are slow or dull and decides he does not want you.

A little want ad., that costs you 25 cents, will see thousands of people and talk to them eloquently, while you might wait in the ante-room to be told "he is too busy to see you." Someone will be struck by your offer and your fortune may be made.

If you have been one of the foolish ones, stop it.

WM. GEORGE FACED A NEW CHARGE

Theft Charge Placed Against Police Court Regular When Arraigned Saturday Morning.

William George, a familiar face in police court was arraigned on a new charge Saturday morning when he faced Mayor McCleery. The prisoner usually pleads to a drunk charge, but Saturday he was asked to plead to a petit larceny charge. It is claimed that William went into the office of a well known attorney where he took a fountain pen from a desk. George denies all knowledge of the theft and says if he took it, he remembers nothing of the occurrence. He admitted that he was drunk and drew a fine of \$5 and costs on that charge. George has been sick for several days as a result of his last spree and though arrested Wednesday, he was not in fit condition to be brought out until today.

SCHOOL GIRLS WERE MANGLED BY FAST TRAIN

FATAL CROSSING ACCIDENT IN A CINCINNATI SUBURB FRIDAY.

Several Other Ohio People Killed by Railroads, and Other Buckeye State News.

Cincinnati, O., Feb. 23.—Pearl Godwin and Edna Keates, high school girls of Lockland, a suburban village, were killed by a Big Four passenger train near that place. The girls were walking along the double track when they saw a freight train approaching. They crossed over to the other track to avoid the freight before them and ran in front of the fast passenger locomotive coming up behind them. Both of the victims were terribly mangled and instantly killed.

Dead in Watch Tower.
Cincinnati, O., Feb. 23.—Charles Snook, 27, a tower watchman on the Norfolk & Western railway at Bond Hill, was found dead in his bunk by members of a train crew who had waited in vain for a signal from the tower for them to go ahead. A bullet wound in the center of his forehead and a large revolver lying on the floor near his right hand, showed the manner of his death.

Woman Located.
Cleveland, O., Feb. 23.—Mrs. George C. Banker, 35, wife of a well-known lake captain, who mysteriously disappeared from Detroit after coming to this city and withdrawing \$1,000 from a local bank, has been located at Sarnia, Ont., and Captain Banker left to bring her home. She is with relatives, and in bad health. She gave no reasons for her strange flight.

Freight Cars Burn.
Bellevue, O., Feb. 23.—Matches scattered on the floor of an empty Big Four furniture car by tramps caused a fire loss of \$10,000 at Quincy, this county. A westbound freight was passing through the village when flames broke out, and the wind caused by the train fanned the fire and three cars were destroyed before the train crew could extinguish the flames.

Stepped in Front of Train.
Portsmouth, O., Feb. 23.—Edward Riddleberger, 42, general foreman at the brick plant of Carlisle Brick company, was struck by a Baltimore & Ohio mail train and died two hours later. He was hurled 30 feet. He stepped out of the way of a streetcar right onto the pilot of the engine.

Catarrh

"Catarrh is nothing but a rheumatism of the mucus membranes; it is cured by the same drugs which cure rheumatism elsewhere," writes Alexander Haig, A. M., M. D. Oxon.

That is, according to the above world-famous authority on the causes of disease, catarrh, like rheumatism, is due to uric acid and is cured only by the medicine which removes the uric acid.

Uric acid is a waste product of your body and which your blood carries to the kidneys to be expelled. This, however, your blood cannot always properly do. If the mucus membrane is chilled, the uric acid forms tiny crystals, resembling grains of fine sand. Millions of these little grains lodge in the delicate mucus membranes and constantly irritate them, causing mucous discharges, just as a grain of sand in your eye would cause tears.

Local applications, douches, gargles, sprays, etc., are absolutely useless in catarrh, because they cannot reach the actual seats of the uric acid deposits.

LIFE PLANT is just such a medicine as is above spoken of by Dr. Haig, as being the cure for rheumatism, catarrh, and all other diseases due to uric acid. LIFE PLANT dissolves and removes every trace of uric acid. If you have Catarrh, take LIFE PLANT at once.—Grateful letters from relieved sufferers reach our offices every day. Read this:

After a stage of years of that dread disease Catarrh of the bladder and failure of all other treatments, I was induced to try Life Plant. The first bottle gave relief, and, when I had taken two more, was free from and cured of Catarrh.

Whatever your trouble may be, write your symptoms fully to I. J. Mizer, M. D., President of the Life Plant Co., Canton, O., and get his personal advice free. Our helpful book—GOOD HEALTH—mailed free on request.

Country's Smallest Eagle.
Wellston, O., Feb. 23.—The local lodge of Eagles has the smallest eagle in the United States in the person of Charles Westfall, who is but 5 1/4 inches in height, weighs 94 pounds and is 24 years of age.

Killed by Train He Saved.
Tiffin, O., Feb. 23.—The same train which Christian Scheub had saved from a disastrous wreck a few days before struck and killed the lad at Bloomville. He attended switch lamps in the yards.

Cut in Half.
Marion, O., Feb. 23.—Mrs. Alice Goodman sued William P. Murphy, a saloonist, for \$3,000 damages, claiming that after she had bought saloonists not to sell her husband liquor, Murphy sold Goodman a schooner. The common pleas court gave her a \$500 verdict, but the circuit court held the amount was too steep, and made a cut of \$250.

Woman Cremated.
Steubenville, O., Feb. 23.—Mrs. Belle Mikesell, 75, a resident of Jewett, was found burned to a crisp in her room. It is surmised the woman's clothes caught fire from a stove.

Bachel Convicted.
Lisbon, O., Feb. 23.—A verdict of guilty was returned by the jury in the case of Corwin D. Bachtel, cashier of the now defunct Canton State National bank.

Fired the First Shot.
Waco, Tex., Feb. 23.—William Welch, an ex-Confederate soldier, 62 years of age, claiming Atlanta, Ga., as his home, is in custody here of Sheriff George W. Tilley. Welch admits that he was the man who fired the first shot in the big riots between the whites and negroes a few months ago in Atlanta.

The Limit of Life.

The most eminent medical scientists are unanimous in the conclusion that the generally accepted limitation of human life is many years below the attainment possible with the advanced knowledge of which the race is now possessed. The critical period, that determines its duration, seems to be between 50 & 60; the proper care of the body during this decade cannot be too strongly urged; carelessness then being fatal to longevity. Nature's best helper after 50 is Electric Bitters, the scientific tonic medicine that revitalizes every organ of the body. Guaranteed by F. D. Hall, Druggist, 50c.

It is not limited to a few simple stunts. It can talk (and you must not forget that it is one of the most marvelous discoveries of the age that a machine can be made which will talk); it will reproduce singing and instrumental music with all the dash, swing and resonance of an actual brass band, piano or human voice.

That is what the Edison Phonograph means in hundreds of homes. It would mean it in yours if you would but go to a dealer's and listen to it. You would take it home that very night.

DOG SHOW CLOSSES SATURDAY NIGHT

EXHIBIT OF THE GOLD MEDAL
KENNEL CLUB WAS GREAT
SUCCESS.

Judge Completes His Work and
Announces the Results of the
Classes.

The Newark Gold Medal Kennel Club's big, successful bench show will reach its close Saturday midnight, and will mark a most important epoch in the history of the dog fanciers and breeders in Central Ohio. The Gold Medal club has come out only a trifle ahead of expenses, but such an interest has been displayed in Newark and adjoining cities that the regular annual bench show is assured by the local officers.

Mr. Scott Jones, one of the best dog judges in America, and who has been called upon to act at bench shows in New York and Paris, beside all other principal cities of this country, stated to the Advocate's representative Friday that Newark and Licking county has the best lot of good local dogs of any city in the country, with the possible exception of Cleveland. He said further that this show lacked but six of having as many English setters as were exhibited in the New York show, and had more terriers than were to be seen at the Boston terrier show last year. Mr. Jones freely stated that the beagle hounds on exhibition here excelled any that he has ever seen.

The judging began in the show on Thursday afternoon, and continued until the close of the exhibition for the evening. Friday afternoon the judges delivered premiums on beagles, collies, poodles, Dalmatians, greyhounds and miscellaneous dogs. In the evening bull dogs, bull terriers, Boston terriers, and fox terriers were judged. On Saturday afternoon all special judging will take place, when cups, medals and special prizes will be awarded and in the evening all animals will be decorated with their ribbons.

Following is the result of the judging Thursday afternoon and evening:

Hay's Hair Health

RESTORES YOUR HAIR TO ITS NATURAL COLOR.

Miss Fannie McWamee.

Miss Fannie McWamee, Lake Geneva, Wis., writes of HAIR HEALTH:

"My hair had been gray ever since I was sixteen years old. It started to get gray right on the crown of my head, and was dry and full of dandruff, and my scalp itched dreadfully. I used HAIR HEALTH according to directions, and my hair is now soft and glossy, and very few gray hairs left. I do not think I could get along without HAIR HEALTH now, for it is such a fine hair dressing."

Guaranteed perfectly pure.

FUNERAL SERVICE OF JUDGE HUNTER HELD FRIDAY

AND MANY PAID SILENT TRIBUTE TO THE MEMORY OF THE DEAD JURIST.

A Touching Memorial Given by Judge C. H. Kibler at a Meeting of the Bar Association.

The funeral services over the remains of the late and honored Judge Samuel M. Hunter took place at the home, Buena Vista street, East Newark, Friday afternoon at 2 o'clock.

The Episcopal burial service was used, being read by the Rev. Lewis P. Franklin, rector of Trinity Episcopal church. A very beautiful and impressive solo was rendered by Miss Alice Burton, soprano soloist of Trinity choir.

Messrs. Edward Kibler, George Spasue, Richard Collins, D. M. Keller, O. G. King and John David Jones bore the remains of the distinguished jurist to and from the funeral car at the home and at Cedar Hill cemetery.

The attorneys and judges of the city paid their respects by attending the service in a body, as did also the board of trustees of the Memorial Hall, of which Judge Hunter had been a member.

At the meeting of the Bar Association held on Friday Judge Charles H. Kibler, who has been intimately acquainted with Judge Hunter ever since he was a young man, and who knew him as no other man knew him, paid the following tribute to his memory:

At the time Judge Hunter was elected to the Common Pleas judgeship, there may have been some doubt that his experience, particularly in the civil practice, fitted him for the position. But the people made no mistake in electing him. He progressed rapidly and readily, and it was not long until he exhibited qualities as a judge, which removed all doubts of his fitness for the position.

I think that the very first case which confronted him was one with as many points of difficulty, nicety and complications as any case I can recall. It was the case of Upson against the Newark Coal company, a case for damages for ejecting the plaintiff from the coal underlying lands. Judge Buckingham and Mr. J. B. Jones represented the plaintiff and Judge Gibson the defendant. There were no errors in the rulings of the young judge. There was an appalling verdict against the defendant. This verdict was substantially reduced on the motion for a new trial. I mention this case to show how the new judge conducted it, and how brilliantly and successfully he brought out his latent powers and learning.

Though I was hit hard in the result, I could but admire his readings and ability. And so it was during his whole incumbency as judge.

He was fair and impartial and so conducted his high office that he left it with the respect of the bar and without a taint of any description whatever. He was a just judge.

His career as a lawyer in active practice is well known to you. He took high rank among us. As a rule, the case was of importance; no labor or research was omitted in preparation for trial. He was armed cap a pie. If you imagined he might be caught napping he was found wide awake and resourceful.

He had frailties, as who has not. I am not one to drag them from their dread abode. His merits and frailties alike in trembling hope, repose upon the bosom of his Father and his God. His merits were many, his faults were few, and on the surface only. Let the remembrance of his virtue only remain with us.

May I have your permission to add a word, suggested by the death of Judge Hunter, one personal to myself?

It is sad to see one's contemporaries passing away, and particularly so as they are fewer and fewer as each year buds. It is not cheerful to be the last leaf upon the tree. And I am tempted to repeat what is expressed so well by the poet:

When I remember all
The friends I've linked together,
I've seen around me fall,
Like leaves in wintry weather,
I feel like one who treads alone
Some banquet hall deserted,
Whose lights are fled, whose garlands dead,
And all but he departed.

LODGE NEWS

The district grand committee will be there and after the lodge is closed will confer the past grand degree on all past grands who are entitled. C. H. Lyman of Columbus will be with us. All Odd Fellows are requested to be present.

American Insurance Union.

Newark Chapter No. 24 A. I. U. met in regular Thursday evening with a good attendance. Six applications were presented and the marshal found three candidates waiting in the ante room, who were gracefully conducted through the teachings of the order by the ladies' degree staff. Another class will be received next Thursday evening. The sick committee reports a number of members sick, but none seriously.

The combined degree staff will go to Coshocton on Saturday evening, March 9, to exemplify the ritualistic work to a class of 60 of the Coshocton chapter, an exhibition drill will be given to a large number of invited guests in Forb's hall and an address by National President Hon John J. Lentz. The degree staff will leave over the Pennsylvania road at 5 15 p. m. returning at 12 10.

Lunch was served at the close of the meeting, which was well patronized and enjoyed.

Camels.

On account of illness Bro. George was unable to be with us last Thursday evening, but has made arrangements to be with us next Thursday evening, February 28, to demonstrate the work of the new ritual. All brothers are requested to be present as something of interest will be doing that evening.

Modern Woodmen.

Cedar Camp No. 4727, Modern Woodmen of America, met in regular session at their hall Monday night with all officers and 75 of the membership present. Five applications for membership were presented and balloted upon and elected to membership. The escort retired to the ante room and found therein one candidate who was adopted as a beneficial member of the camp.

Neighbor J. F. Harner of Riley street, Neighbor J. A. Simpson of Main street, and Neighbor J. W. Shannon of Ninth street, were reported as being sick.

Neighbor W. H. Clevering, clerk of Camp 7276, of Columbus, and Neighbor White, who is escort of the Hebron camp, were present and gave short talks upon the good of the camp. After the business of the camp was over Daisy Camp 2574, Royal Neighbors of America, invited the members of Cedar Camp to the banquet room where they had prepared an oyster supper for the members.

This was a surprise to the members of Cedar Camp and all present voted that the Neighbors of Daisy Camp were all right. After the oyster supper was over, all assembled in the lodge room where dancing and card games were indulged in, and all present voted that they had a very enjoyable time. At the next regular meeting of Cedar Camp there will be several candidates to be shown through the forest, and a good turn out of the members is desired. At the first meeting night in March, all Neighbors are requested to be present, as several interesting features will be up before the camp and after the work is over the camp will be turned into a smoker. The promotion committee desires that every Woodman, whether belonging to Cedar Camp or not, to be present on that night.

DAUGHTERS OF AMERICA.

The Daughters of America gave a delightful social evening and entertainment in the Ankele hall, Ankele block, Friday evening, which was largely attended by the members and friends of the society. The function was in commemoration of Washington's birth.

Principal of the many pleasing features of the excellent program, which was appended, was a half hour address by the Rev. J. C. Schindel, who spoke on the good to be accomplished by the order, and the ways in which to go about it. Rev. Mr. Schindel was heartily applauded. The program

MAX McCANN WILL HAVE HIS TRIAL

IN COMMON PLEAS COURT FOR ALLEGED CRIMINAL ASSAULT ON YOUNG GIRL.

He Was Brought to Newark From Mansfield and is Now in Sheriff Redman's Custody.

The arrest of Max McCann for alleged criminal assault on a 14 year old deaf mute in this city last fall is still fresh in the memory of the people of Newark. At that time Max McCann, who was on parole from the Mansfield Reformatory, having been sentenced by the court at the September term of the Common Pleas court for 1904, for burglary, was here on a short visit. While here an assault was made on the deaf mute, who had been attending school at the deaf mute asylum at Columbus. She had been here on a visit to her parents in the southern part of the city and one night was returning home from a visit with relatives in the western part of the city when she was assaulted near the old cemetery at the corner of Sixth and West Main streets. McCann was arrested on the charge, but was compelled to return to Mansfield to serve his term for burglary. Recently the officials of the Reformatory granted the request of Prosecutor J. R. Flitgibbon to bring him here and try him on the assault charge. He was brought here Saturday afternoon by a Reformatory guard and turned over to Sheriff Redman, who will be responsible for him until the conclusion of the trial which commences on Monday.

BABY'S VOICE

Is the joy of the household, for without it no happiness can be complete. How sweet the picture of mother and babe! Angels smile at and commend the thoughts and aspirations of the mother bending over the cradle. The ordeal through which the expectant mother must pass, however, is so full of danger and suffering that she looks forward to the hour when she shall feel the exquisite thrill of motherhood with indescribable dread and fear. Every woman should know that the danger, pain and horror of childbirth can be entirely avoided by the use of Mother's Friend, a scientific liniment for external use only, which toughens and renders pliable all the parts, and assists nature in its sublime work. By its aid thousands of women have passed this great crisis in perfect safety and without pain.

ALL WRONG

The Mistake is Made by Many Newark Citizens.

Don't mistake the cause of backache.

To be cured you must know the cause.

It is wrong to imagine relief is cure.

Backache is kidney ache.

You must cure the kidneys.

A Newark resident tells you how this can be done.

Wesley Rowland, express driver, living on Washington St., near Mill St., East Newark, O., says: "Many a time my back pained me so and was so weak that I could not load my wagon. If I stopped to pick up anything it was all I could do to straighten up. My back pained me so at night that I could not sleep. I would wake up again with terrible pain through the back and shoulders as if I were in a cramp. I tried liniments and various remedies but found nothing that helped me until I got Doan's Kidney Pills at Crayton's drug store. Three boxes were all that were required to cure me and the cure has been permanent. That was two years ago and I have had no trouble of the kind since."

For sale by all dealers. Price 50c. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's and take no other. 32.

AKRON TONIGHT AT PALACE RINK

The Akron polo team which is making a short tour of the state, will be the attraction at the Palace rink on Cedar street, East Newark, tonight. The Akron boys are fast but Newark will make a good showing against the up-state players.

Mrs. Carey Kinney, assisted by her niece, Miss Daisy Unterhager, entertained at her home on South Pine street, from 2 till 5 in honor of her little daughter, Gladys Marie's eighth birthday anniversary. The afternoon was spent in playing various games, and at a late hour the children marveled to the dining room, where supper was served. The table was beautifully decorated with hearts and a dainty place card in the shape of a heart for each little guest. The feature of the supper table was the birthday cake, which afforded much merriment for the children in making wishes, and relighting the candles. At a late hour all departed, wishing Gladys many more such happy birthdays.

Gladys Marie's guests were little Misses Ethel Hall, Stella Davis, Dora Howard, Mable Priest, Sylvia Hauck, Mabel Steikle, Hylda Sollinger, Josephine Hull, Mary Steikle, Mable Hall, Mary Williams, Mable Kinney, Gladys Marie Kinney and Master Oren Daniel Kinney.

What's New For Spring In Fine Cotton Fabrics?

Is the question we are being asked almost daily. It's easy to show—and one customer after another has shown her appreciation by her unbounded enthusiasm. "You always do have the nicest line of wash goods in the city" has been a frequent remark. However, we ARE ready, and never has our line of WHITE GOODS and FINE COTTON FABRICS of both foreign and Domestic makes been so large and so much admired. Beautiful Silk Mixed Fabrics, both plain and broadened; Swiss Appliques, French Organdie, Silk Plaids, Embroidered Silk Organdies, Silk Tissues, Embroidered Satins, Fabrics, and the new Pekin Stripes in many different weaves. In addition to these fine materials we are showing very extensive lines of Batistes, Fancy Cotton, Suitings, Linen, Finish Gingham, Plain Gingham, Copies of Worst-Ed Plaid Effects and many lines of Dress Gingham.

We wish to say that the patterns of foreign fabrics can not be duplicated this season as these are imported and the orders were placed some 7 or 8 months ago. In many of these pieces there is only enough for one gown, and we bespeak an early look for the exclusive patterns.

A Lace Sale of 5,000 Yards--All 5c.

We will offer tomorrow morning a rare chance in the Wide Torchons, Fancy Novelty Laces, and wide Normandy Vals, in all 150 pieces to select from—ranging in width from 2 to 3 inches, and a line that cannot be duplicated. While there are laces here that are worth as high as 10c a yard, we will offer the entire quantity tomorrow morning at 5c.

The New Embroideries for Spring 1907.

Are all on sale. We are now showing the entire line of match sets in Nanisooks and Swiss all widths in flouncings and corset cover embroideries—allogers and insertion to match most edges. In addition we have made several tables of embroideries that are under values and could not have been offered only by having placed our importation over one year ago. The rise in prices in the wholesale market has been phenomenal and later in the season the embroidery values will be much poorer in quality for the same price.

DUNLAP STRUCK SISTER-IN-LAW

WOMAN, BADLY FRIGHTENED,
SOUGHT REFUGE IN NORTH
END FIRE HOUSE.

Dunlap Was Drunk and When Arraigned Pleaded Guilty—Drew \$30 and Costs.

Edward Dunlap of the North End will probably think twice before he takes another drink, and he will probably think an even greater number of times before he attempts to strike a woman. At least he will have some time to ruminate over his indiscreet action of last night when he struck his sister-in-law, Mrs. Bertha Dunlap, twice in the mouth. The firemen at the North End house were startled Friday night when Mrs. Dunlap burst into the building crying for protection, saying that a man had struck her twice while crossing a bridge in the north end of town. The woman was so badly frightened that it was with difficulty that the firemen could get a connected story of her trouble. Officer C. L. Brook arrived at that time and finally the woman managed to inform the officer of Dunlap's assault on her.

Dunlap was arrested at his home by the officer and sent to the city prison charged with being drunk and with striking his sister-in-law.

The prisoner was very drunk, and in police court Saturday morning he was very docile. He pleaded guilty to each charge and drew \$5 and costs for being drunk, and \$25 for striking the woman. He was sent to the county jail to serve the time.

CHARLES DOUCE BUYS MILLER DRUG STORE

Mr. Charles W. Douce, who for five years has been connected with the pharmacy owned by the late Orlando Miller on West Main street, near the city building, on Friday afternoon closed a deal whereby he became sole proprietor of the store.

For over two years, Mr. Douce has practically had full charge of the store. The new proprietor has had a wide experience in the drug business, having entered the business 25 years ago. For ten years he has been connected with Newark pharmacies. Five years of that time was spent with Mr. E. T. Johnson.

Mr. Douce is well known to Newark people in a business way and has many friends throughout the city. His success therefore in the old Miller stand is assured.

Mr. Douce announces that he will make many improvements in the store, including the laying of a new floor and redecorating the interior. The new proprietor being a registered pharmacist, will not employ an assistant pharmacist, but will take complete charge himself.
